Robert Watson Series Door Handles

The Robert Watson Collection of door furniture consists of three lever designs and a range of complementing escutcheons, turnknobs and emergency release sets. The roseless design of the furniture is unprecedented and the innovation and lateral thinking involved in the development of the products has led to them being patent protected and design registered.

Application

The Robert Watson range is suitable for commercial as well as residential use.

It can be fitted with:

- Lockwood Selector 3770 Series Mortice Locks
- Lockwood Synergy 3570 Series Mortice Locks
- Lockwood 6780 and 6580 Mortice Locks (38mm backset, metal doors only)
- Lockwood 531 Latches and A6208 Tubular Bolts

Fixing

Furniture is fixed to Selector 3770 or Synergy 3570 Series Mortice Locks using a specially developed pair of steel adaptor plates that are secured through the lock case using screws.

Robert Watson furniture may also be fitted with a Lockwood 531 Latch using a steel adaptor which locates over the body of the latch.

A special adaptor for fixing Robert Watson furniture to 6780 and 6580 Narrow Style Mortice Locks in hollow aluminium door sections is also available.

Product Details

Dimensions	Body: 36mm diameter. Projection from door: 62.5mm.
Materials	Furniture body: aluminium. Mounting stock and other internal components: stainless steel, steel and brass.

Robert Watson Series Escutcheons

These escutcheons are designed to be fitted with Lockwood oval cylinders and the Robert Watson range of turnknobs and emergency turns. Fitted using a grub screw, they ensure that the accessories they are fitted with are aesthetically pleasing.

Use with Lockwood Mortice Locks and A6208 Bolts. The escutcheons are available in different sizes for suitability to different door thicknesses.

Note: Escutcheons must be ordered separately for use with oval cylinders, turnknobs and emergency release turns.

Escutcheons

1220 Symphony Series Brass Door Handles

Lockwood Symphony Series door furniture is manufactured from high quality solid brass. The comprehensive lever range matched with concealed screw fixings by way of threaded rose trims, provides a stylish look for the most elegant interiors.

The accessory range includes cylinder escutcheons, emergency turnknob and disabled accessible turnknobs. For installers, the unique turn mechanism adjusts to suit the thickness of the door and removes the need to cut tailbars to length.

A full range of finishes from satin chrome through to a range of brass finishes and polyester powder coat provides all the options for matching to interior designs.

Proudly Australian Made at our factory in Oakleigh to the highest quality standards for strength, durability and corrosion resistance.

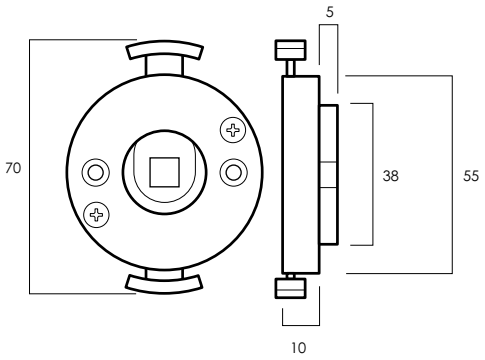
Dimensions	52mm x 11.6mm
Supplied with	2 x M4 x 77mm Stainless Steel Screws (SP0655MBK) 1 x Spindle 7.6mm x 90mm 1 x Instructions (3890-121)
Finishes	Satin Chrome **(SC)** Chrome Plate **(CP)** Powder Coat **(PC)** Not available in brass finishes



The 3890 Privacy Adaptor has a patented built in clutching mechanism which allows the engaged mode to be overridden by use of specified force applied in a single downward action on the lever. This will allow entry in an emergency situation without the use of any type of tool.

The privacy adaptor can be installed onto any existing Lockwood lever set and standard 5260 Tubular Latch.

Note: Designed for use with Lockwood Mortice Locks and 6260 Tubular Privacy Bolt.

1420 Symphony Privacy Adaptor

Privacy Adaptor 3690	
Part Number	3690
Dimensions	52mm x 11.6mm
Supplied with 2 x M4 x 77mm Stainless Steel Screws (SP0655MBK) 1 x Spindle 7.6mm x 90mm 1 x Instructions (3890-121)	
Finishes	Satin Chrome **(SC)** Chrome Plate **(CP)** Powder Coat **(PC)** Not available in brass finishes

The 3690 Privacy Adaptor has a patented built in clutching mechanism which allows the engaged mode to be overridden by use of specified force applied in a single downward action on the lever. This will allow entry in an emergency situation without the use of any type of tool.

The privacy adaptor can be installed onto any existing Lockwood lever set and standard 5260 Tubular Latch.

Note: Designed for use with Lockwood Mortice Locks and 6260 Tubular Privacy Bolt.

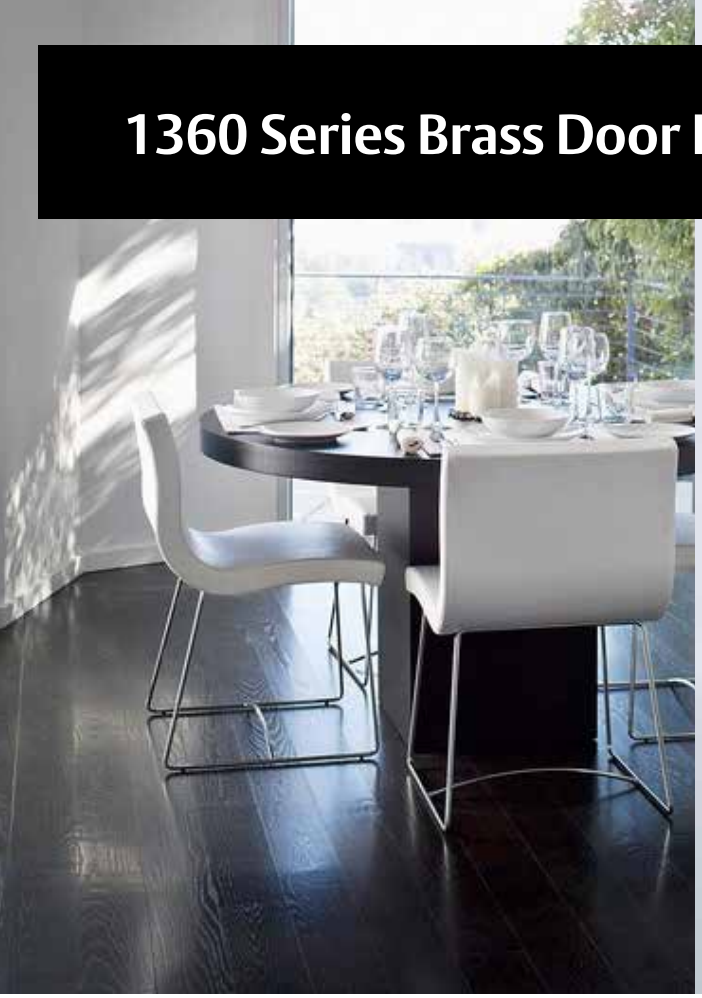
1360 Series Brass Door Handles



Lockwood 1360 Series door furniture is manufactured from high quality solid brass material. The comprehensive lever range matched with ease of installation and compatibility with a wide range of Mortice Locks defines simple and reliable.

The accessory range includes cylinder escutcheons, emergency turns and disabled accessible turnknobs. For installers, the unique turn mechanism adjusts to suit the thickness of the door and removes the need to cut tailbars to length.

A full range of finishes from satin chrome through to a range of brass finishes and polyester powder coat provides all the options for matching to interior designs.

Proudly Australian Made at our factory at Oakleigh to the highest quality standards for strength, durability and corrosion resistance.

Product Details

Dimensions	65.5mm diameter x 11.6mm.
Handing	A removable stop screw allows all symmetrically designed levers (e.g. Cadenza) to be handed on site. Levers of asymmetrical design (e.g. Veloce) cannot be reversed. Specify left or right handed when ordering.
Materials	All Lockwood roses and levers contained in the 1360 series are of solid brass construction.
Fixing	Roses are designed to fit back to back. If outside rose is specified with concealed fixing, then the inside rose must be visible fixed. Roses numbered 1360, 1362, and 1364 are concealed fixed, roses numbered 1361, 1363 and 1365 are visible fixed.
Door Thickness	Selector 3770 and Synergy 3770 Series: 32mm to 50mm Lockwood 5260 Latches: 33mm to 50mm
Standard Finishes	Satin Chrome Brushed **(SC)**
Non-Standard Finishes	Chrome Plate **(CP)** Polished Brass **(PB)** Polyester Powdercoat **(PC)**
Special Finishes	Architectural Bronze **(AZ)** Architectural Bronze Unlacquered **(AU)** Antique Copper **(AC)** Polished Brass Unlacquered **(BU)** Satin Brass **(SB)** Oil Rubbed Bronze **(ORB)**

1370 Series Brass Door Handles

Lockwood 1370 Series door furniture is manufactured from high quality solid brass material. The comprehensive lever range matched with ease of installation and compatibility with a wide range of Mortice Locks defines simple and reliable.

The accessory range includes cylinder escutcheons, emergency turns and disabled accessible turnknobs. For installers, the unique turn mechanism adjusts to suit the thickness of the door and removes the need to cut tailbars to length.

A full range of finishes from satin chrome through to a range of brass finishes and polyester powder coat provides all the options for matching to interior designs.

Proudly Australian Made at our factory at Oakleigh to the highest quality standards for strength, durability and corrosion resistance.

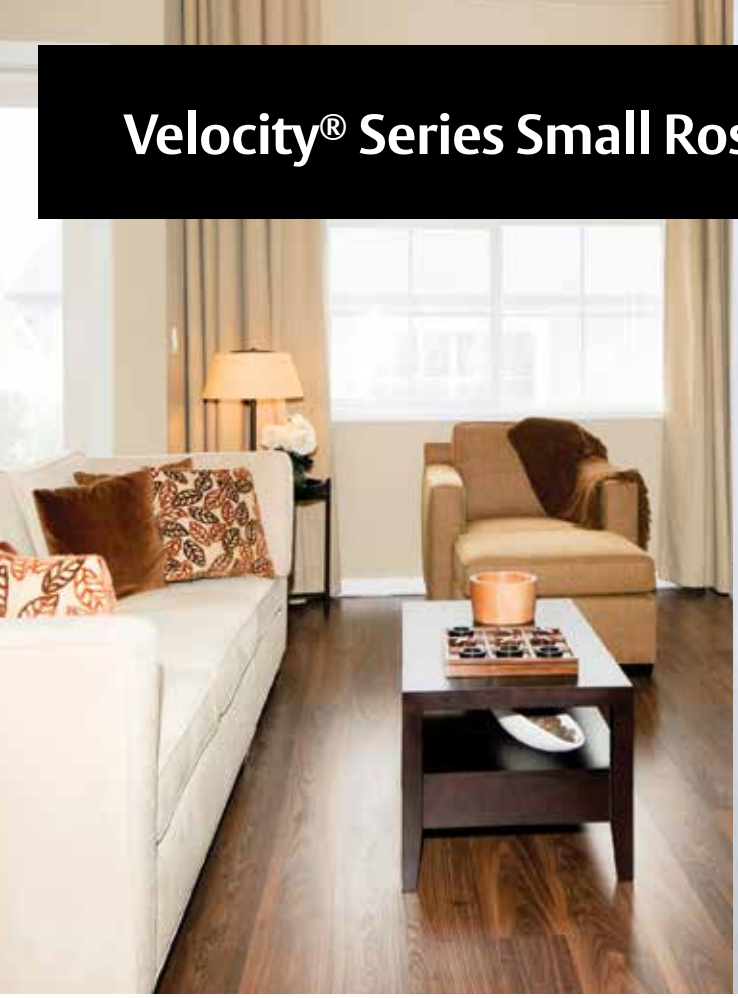
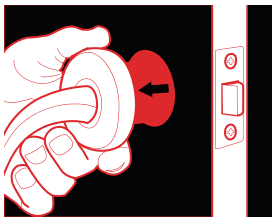
Velocity® Series Small Rose Door Handles



The Velocity 55mm Series is a stylish range of door furniture suitable for both residential and semi commercial applications. Designed primarily for new installation on timber doors, the range incorporates functionality for use with Mortice Locks in addition to Passage, Privacy and Dummy Levers.

Installation
Suits door preparations up to 45mm.



❶ Align ❷ Twist ❸ Tighten

Features and Specifications

- All fixings are concealed beneath a removable rose trim providing an aesthetically appealing installation.
- Simple twist and tighten fixing method and pre-assembled lever sets allow for super easy and fast installation.
- Lever range includes two AS1428.1 compliant levers and six designer levers.
- Accessories include AS1428.1 compliant turn, standard turn and privacy indicating emergency turns.
- The 55mm rose suits up to 45mm door preparations commonly used with mortice locks or latches.
- Designed in Australia for the specific needs of the Australian market.

Product Details

Rose Dimensions	55mm by 12.5mm - Round Rose 58mm by 12.5mm - Square Rose
Materials	All Velocity 55mm levers and roses are made from solid zinc die-cast.
Latches	Passage sets are available with a 60mm backset tubular latch. Privacy sets are supplied with a 60mm backset privacy latch which includes a locking pin for the inside of the door and an external emergency release function. The latch is automatically released when the internal handle is operated and is easily adapted for both open in and open out applications. All latches are supplied with industry standard "D" strikes.
